Get the awesome tilesets and vector graphics from AMOK : Best RPG Maker VX Ace Resource pack.

Main menu Tag Archives: Vanity Fair I ordered from Amazon a few days ago to restock some of my library of Harry Potter books (and a few contemporary backlist books from the publishers). When my package arrived yesterday, my heart sank, because among the bits of rubbish, the packing material, what appeared to be a shopping receipt, and a pair of underpants that reeked of poo, were two large photo books, one of which was the Magazine of Fantasy & Science Fiction (Volume 49, Issue 3), complete with cover story, and the other which was the English translation of the French edition of *Le monde de l'informatique* (by Jean-Michel Frey). Those two things are beautiful but, for me, equally irrelevant. Why? It's the magazines. For some reason my senses go into overload when I pick up a magazine that I have been looking forward to for months/years or that I have been wanting to have for a very long time (the publication date of the MagFosF numbs my senses — it's too far in the future to be interested and I don't want to think about it). It's as if I can't get enough of it and my anxiety level goes way up. Plus, the covers of the magazines, at least the

French ones, are simply stunning: the French don't quite know what to make of English fantasy, as the two copies of the British Isles Fantasy Association annual (Volume 41) in my collection will attest to (it was published on the day that I won my first Christopher Moore Award). The French covers are magnificent, though: stunning photos of trees, flowers and landscapes. There are some beautiful pictures in the magazines, but they are so beautiful that I just sit in awe of the images, consumed by the imagery. That's probably why they drive me nuts. You might think 'Well, just pick up the books' (and, of course, you do not need to have read the magazines to know what they are, only to read the book reviews inside), but it's not that easy. It's the magazines. Even though I have these in paperback form now, it's still not the same. It's not as if I can pick up the magazines when I need to, except that I am so overwhelmed by them that I can't
